

Cups & Saucers

How to play

1. Nominate your game host
2. Your game host explains the game to your group — everyone can either place their right arm on their side/waist (cups) or on their head (saucers).
3. Nominate an amount for each person to play with the funds going to Cancer Council. If there is to a winner's prize as well, announce this now as well.
4. All participants choose by placing their hand on their side/waist or their head.
5. The host flips a coin. If it lands on heads, then all those with their hands on their heads remain standing.
6. Continue the game until one person wins.
